

Overlooking the ocean from atop a high cliff, it was built atop the burial site of [Karvargr](#) and the Blue Greatwyrn that killed him. Karvargr's Barrow acts as the economic center of the [Federation of Heorot](#) with much trade and commerce happening on its streets.

The city is also home to the [Dragonslayers](#), a religious group that worship Karvargr and is bent on the destruction of all dragons (may or may not include dragonborns). They hold service in the [Dragonslayers' Den](#).
